

LOCAL INTELLIGENCE.

WEDNESDAY EVENING, OCT. 17, 1894.

Sun rises to-morrow at 6:33; and sets at 5:07. High water 10:00 a. m. and 10:34 p. m.

WEATHER PROBABILITIES.—For this section fair, westerly winds, stationary temperature, followed Thursday evening by cooler weather.

ARREST OF SUSPICIOUS CHARACTERS.—Considerable excitement was occasioned in this city this morning by a statement in a Washington paper to the effect that two burglars had attempted to force an entrance into Mr. Wm. Rodgers' store, at the corner of Commerce and Fayette streets, about twelve o'clock last night; that Mr. Rodgers heard them, raised a window, fired two shots and kept them at bay until officers arrived and took them in charge; that long blades knives and improvised weapons were found on them, &c., &c. The facts in the case are as follows: Two tramps—John Martin, of Richmond, and Frank Edwards, of New York city—were in this city yesterday, Martin on a begging expedition, and Edwards endeavoring to collect a few nickels by giving dancing exhibitions in bar rooms. About eleven o'clock at night, after the Mr. Rodgers had closed his store, they endeavored to enter that gentleman's front door on Fayette street. Mr. Rodgers heard them and had reason to suppose they were about to force an entrance, and raising his window asked them what they were after. Edwards made an indecent reply, when Mr. Rodgers fired two shots at the men. They took refuge behind trees, and the pistol shots having been heard by Special Watchman Genzberger, he blew his whistle and Officers Beach, Sherwood and Howson responded and arrested Martin and Edwards in the neighborhood. Both men had been drinking and were very abusive to the officers. When locked up Edwards began to talk to a negro locked up in an adjoining cell and from what he said it was inferred that others were in the party and that one of the bullets from Mr. Rodgers' pistol had struck one of the gang. When brought into the dock in the Police Court this morning Martin, who by liberal use of soap and water could be metamorphosed into a good looking man, testified that he had been in Alexandria on another occasion and had bought whiskey from Mr. Rogers yesterday morning; that he had met Edwards during the day and had formed a sort of partnership in business to dance provided Martin would sing and take up the collection. Bar rooms were to be the theatre for their exhibitions, and about eleven o'clock they proceeded to Mr. Rogers' for the purpose of giving a performance in his house, and after knocking they were shot at by the proprietor. Edwards merely corroborated the statement his partner had made. A railroad spike and a "cheeser" were found on him. The latter instrument is a corset steel, and is used for two purposes by tramps. They sharpen them to a razor's edge and use them for shaving, and also to slide the fastenings of blouses when they desire to commit burglary. Edwards said he carried the spike for the purpose of opening the doors of freight cars when locked up in them. Mayor Strauss ordered them to be held for further examination. They were placed in an upper room and had not been in there more than ten minutes when Edwards pretended he had been taken suddenly ill and clasped both hands on his abdomen. His partner banged at the door for assistance and an officer answered the alarm. Being convinced it was a game of "possum," he locked the door, when Martin again knocked on the door with all his strength. Officer Davis was ordered to take both men down stairs and put them in separate cells. As soon as the officer had opened the door Martin grappled with him (with what intention is not known, though it looked as if he was about to make a dash for liberty), and it was only after receiving a severe punishment that he became submissive. He was double quick down stairs and locked up, and a few minutes later Edwards was placed in a cell adjoining him. While the charge of burglary could not be sustained, it is believed the men are crooks and are wanted elsewhere.

THE MEETING AT ST. ASAPH.—The Virginia Jockey Club will to-morrow inaugurate a six weeks' race meeting at the new St. Asaph track. F. W. Simmons and C. McDowell will be judges; James Rowe, starter; Chris Fitzgerald, clerk of the scales, and Benjamin Brush, timekeeper. The club has spent about \$75,000 in making the track, constructing buildings, etc., and the result of their labors is one of the handsomest courses south of New York. The track is three-quarters of a mile in length, with a straight chute of three-eighths of a mile. Not a single knoll obstructs the view from the grand stand and spectators will be able to see the horses from start to finish. The grand stand will seat 2,500 people. In the rear of the seats which look down upon the betting ring, there are accommodations for forty book makers. Across from the grand stand is a village of stables, 512 in number. Stall room has already been engaged by many well-known owners, who, it is expected, will winter here and take part in the spring meeting, which will begin March 15 and last until May 10. At the opening to-morrow the purses will be from \$500 to \$1,000. There will be six races at distances ranging from five furlongs to one mile and a sixteenth, and added money amounting to \$2,800. Secretary McIntyre is endeavoring to arrange a race between Banquet, Domino, Henry of Navarre, Clifford, and Rubicon, for a purse of \$5,000.

This morning fourteen carloads of fine horses arrived at the park and are now stabled there. Among the arrivals were Yo Tan b i, Maude Morris and others for the stables above mentioned. Nearly every stall at the park is now occupied and a number of stables in the neighborhood have been rented to accommodate other arrivals expected to-day and to-morrow.

THE GLENNAN DIVORCE CASE.—It is now probable that one branch of the Glennan divorce case will be heard in the Washington Police Court. This is the case in which Dr. Arthur H. Glennan and four other men went to Mr. Lester's 12th street boarding house, in that city, and took the doctor's two children, after breaking doors and locks. Dr. Glennan subsequently filed divorce proceedings, which were answered by his wife. On Wednesday testimony was taken in the case, and yesterday the boarding house proprietor called at the Police Court and wanted warrants for Dr. Glennan and four members or employees of the McDevitt

detective agency. Mr. Lester wanted the warrant for housebreaking or forcible entry, but the clerks, of course, refused a warrant on such charges, but would have given one charging the destruction of private property. But Mr. Lester wanted a warrant on a charge that would get the alleged offenders locked up. Until Mr. Birney, the district attorney, can look into the matter, no warrant will be issued.

ALLEGED ATTEMPTED SUICIDE.—This morning H. L. Stevens, who lives on south Alfred street, entered the drug store of Mr. C. J. W. Summers, corner Duke and Alfred streets, and purchased half an ounce of laudanum. He pretended he had swallowed the drug, and left the store for the street. The clerk watched him for a few seconds and saw him fall. Stevens was picked up and taken back to the store and Drs. Jones and Purvis summoned. The physicians upon their arrival found the supposed suicide as limp as a stuff-paddy, and when they attempted to place him on his feet his legs closed like hinges and he would fall to the floor. The physicians saw no evidences that he had swallowed the drug, but to be sure no evil results would follow they gave him hyperdermic injections. In a few seconds violent retchings set in, which completely cleared the stomach of its contents, and which demonstrated that no laudanum had been swallowed. Family troubles are said to be the cause of Stevens' conduct.

PERSONAL.—A musical was given by Miss B. Greene at No. 1119 King street in honor of Miss Wightman, of Lynchburg, last night. Among those present were Miss Bailey, of Washington, Misses Doyle, Wheatley, and Greene, and Messrs. Downey, Phillips and Smith, of the Alexandria Banjo and Mandolin Club; McCarthy, Lyles, Aitchison, Kelley and Keegan.

Mr. Geo. Appich, who suffered a slight stroke of paralysis on Monday evening last, continues to improve rapidly and to-day his condition was considered very favorable for an early recovery.

The Misses Lizzie and Mary Beyer, daughters of Rev. J. S. Beyer, formerly of this city but now of Ralston, Pa., are visiting their cousin, Mrs. E. L. Germond, on Queen street.

Dr. Julian T. Miller, who has been resident physician at Hot Springs, N. C., is in the city.

Mr. A. B. Slaymaker continues quite ill at his home on South Pitt street.

THE AQUEDUCT BRIDGE.—The report upon the repairs to the piers at the Aqueduct bridge has been submitted by Major Davis, in charge, to the chief of engineers. He says: "The project as approved provides for the repair of six of the piers of the bridge, which have been eroded near the foundation by freshets. The piers which are not seriously injured are to be repaired by means of concrete in bags put in place by a diver. The fourth pier, which is the one most seriously injured, is to be repaired by means of a coffer-dam, from which the water will be pumped and the eroded masonry replaced. During the progress of this work the spans resting on the pier will be supported by false work to prevent possible danger to the superstructure."

ALFRED RICHARDS' DEATH.—One of the oldest residents of Washington, Mr. Alfred Richards, died yesterday in that city at his home, 1132 New Jersey avenue southeast. Mr. Richards was the patriarch of that section. He has, in the half century in which he has been engaged in brickmaking in that section of the city, changed half its hills to houses, manufacturing hundreds of millions of bricks. His work has for some time been carried on by the Alfred Richards Brick Company. He will be buried from St. Peter's Church on Thursday. Mr. Richards was well known in this city, was a half brother of Mrs. R. T. Lucas, and at one time resided here.

POLICE COURT.—Mayor Strauss presiding.—The following cases were disposed of this morning:

Dan, Triplett, colored, arrested by Officer Griffin for disorderly conduct on the premises of Henry Arnold, colored, was fined \$5.

Frank Cobby, colored, arrested by Officer Davis for drunken and indecent conduct in the street, was fined \$12.50.

Frank Edwards and John Martin, arrested by Officers Beach, Sherwood and Howson for being drunk and disorderly, were held as suspicious characters.

Night Report.—Last night was clear and mild. Three prisoners were at the station house.

THE NEW CHARTER.—The City Auditor, who is preparing for publication in his annual statement the "City Charter as Amended," finds that in the amendment to section 8 the word "Inspector" of lumber is used instead of "Inspectors," as given in the charter of 1879. The amendment is published on page 981 Acts General Assembly 1893-1894. It was not the intention of the City Council to have only one inspector. What effect the leaving out the letter "s" will have for the lawyers to decide, and it may be the error is the printing of the act, and not the act as passed.

YOUNG MRS. WINTHROP.—Miss Rowan, Miss Schovelin and Miss Abell of the Young Mrs. Winthrop company are three of the prettiest young women on the stage. Messrs. Wagenhals and Kemper, who have secured the rights to this great play, recognize the value of attractive womanhood on the stage and have done everything to secure for their company actresses combining personal beauty and dramatic ability of a high order.

RESUMING WORK.—Work at the Deis furniture factory at New Alexandria, which was recently suspended, was resumed to-day and the hands there are now engaged in making chairs to fill several orders recently received. This factory will also furnish many of the doors, blinds, pillars, &c., to be used in the construction of the buildings being erected there. The new spoke factory at New Alexandria will commence operations there in a short time.

BURGLARIES.—The baggage-room at the Washington and Ohio Railroad depot in this city was entered last night by burglars, so far as is known nothing was stolen.

The fire stand near the southwest corner of King and St. Asaph streets was broken open last night, but before any thing could be taken the thieves were frightened off.

CORPORATION COURT.—Judge J. K. M. Norton presiding.—Sophia Levy vs. Farmers and Mechanics' Insurance Co.; dismissed by order of plaintiff's attorney.

Mr. William Soons, of Soons & Bro., florists, at West End, Fairfax county, is seriously ill with brain fever in New York.

A valuable horse belonging to Mr. Fred Miller, of Washington, while being led across the Long Bridge en route to the Gentlemen's Driving Park, about ten o'clock this morning, became frightened by a passing train and ran into the pole of an approaching wagon and was killed.

It is stated that one of the employees of the electric light works was seen in an intoxicated condition on the street last night, having left his post of duty. One of the committee on light of the City Council, it is also said, was informed of the matter which will probably be investigated.

A horse attached to a buggy belonging to Mr. D. H. Naramore ran away on King street yesterday evening, and the team was about to collide with a carriage containing several persons, when Officer Griffin threw up his club and caused the frightened animal to "sheer off." Mr. Griffin finally stopped the runaway and held the horse until its owner appeared.

Jack Costello, the Canadian welter-weight champion, who is to fight Hite Peckham in this city to-morrow night, arrived in Washington yesterday. The winner will be matched to fight Danny Needham next month before the Henry Athletic Club of this city. Charley Campbell, the Baltimore heavy-weight, who is to meet Billy McMillan in this city on the night of November 15, is in training at Arlington, a suburb of Baltimore.

Tell me, ye whispering winds,
That about the autumn breezes,
Is there a way to keep my pants
From bagging at the knees?

The September report of the work upon the improvement of Washington harbor shows that 10,208,584 cubic feet of the 12,000,000 feet of earth needed to raise the ground above the highest tides has now been placed on the flats. Dredging will be resumed this month.

The remains of Rev. Dr. Charles F. E. Minnigerode, who died in this city on Saturday, were laid to rest in Hollywood, Richmond, yesterday.

A horse belonging to Mr. Hugh Strider kicked the stable door open last night and upon reaching the yard dropped dead.

The residents on Royal street are complaining of the delay in repaving that street along the line of the electric railroad.

THE ELECTORAL BOARD.—The Electoral Board held a meeting last night which was attended by the judges of election and Corporation Attorney Brent. The new election bill was read and its workings explained and the judges were instructed as to their duties under the provisions of the bill.
